Preparing for Parent/Teacher Conferences... Although the actual conferences are still a month away, I will be using October as a fact gathering, and portfolio building month. Attached please find a Nurturance Style Inventory. Please complete it with regards to your child (the one here of course), and return to me at your earliest convenience. I will be conducting a similar assessment and we will discuss how this information can help me teach, and you parent at our Nov. conference. It is fascinating stuff!

Story Telling Experience!

WOW, when I decided to start this early literacy activity I had no idea how much fun it would be for both the children and me. I have, in one month, seen their stories grow and evolve. I am most impressed with the illustrations! I would like to video the acting out portion of the storytelling day to use as part of a workshop I am developing to teach other daycare and preschool providers to incorporate this amazing activity into their own curriculums. I would also like permission to photocopy some of the children's stories to share, and to use the tape recordings of their telling the stories. I will never use the student's real names, and will not be offended if anyone requests I exclude their child.
Thank you!
